Emory Professor To Receive Herty Award Saturday

On May 7, Westover, the home of Dr. and Mrs. L. C. Lindsey. will be the scene of a tea that will mark the beginning of a chain of events honoring Herty Day. It has been estimated that five hundred guests will be present at the tea, which is to last from 3 o'clock until 4:30 o'clock p.m. in the program.

Second will be a supper on the front campus of GSCW of which the student body, faculty, and Horty Day guests will attend.

Following the lectures which will egin at Russell Auditorium at 7:30, there will be a presentation of the Herty Award. The award will be presented this year to Dr. Osborne R. Quayle, who is the professor of chemistry at Emory University.

Immediately following the lectures and presentations of awards there will be a dance on the tennis courts for the entire student body which will last until 12 o'clock. Refreshments will be sevred by members of the chemistry club. The dance will bring the 1949 Herty Day to its close.

Officers of the Chemistry Club are Evelyn Simpson, president; Mary Ham, vice president; Eleanor Groves, secretary; Sara Sue Wansley, corresponding secretary, and Ann Peterson, treasurer.

Next Year's Class Attendance Rules Announced

Dean Donald MacMahon has announced the plans of the committee on class attendance. The new ruling will go into effect at the beginning of the fall quarter.

Students should attend regularly and on time all scheduled classes and chapel programs. Attendance is counted from the quarter. Absences caused by illness are excused on certification from the college physician. Certain absences which are due to mitigating circumstances may be excused by executive order from the Dean of Instruction or Dean of Women. Requests for

terests of an educational nature, some freedom is permitted in the matter of class attendance. The absences which may be taken that the new spot lights ordered without penalty vary with the by the Drama Department will maturity of the student. The following is proposed as the scale Plans are underway to achieve of absences permitted without penalty:

a. A freshman may be permitted two unexcused absences in each course of which she is registered during any quatrer.

b A sophomore may be permitted three unexused apsences in each course for which she is registered during any quarter.

c. A junior may be permitted four unexcused absences in each course for for which she is registered during any quarter.

d. Seniors are granted permission to formulate a Senice Code. Under this plan class attendance is a student responsibility. Seniors not under Code will be granted (Continued on Page Three)

Clubs have completed their chcreographic work for the year and are now doing the final polishing of their original dances in preparation for their dance recital on May 5.

The music used this year is of several contemporary modern composers such as Leonard Bernstein, Marius Milhaud and Dimitri Shostakoviph.

The costumes and accessories have been planed and designed by the girls in the dances as the compositions were choreographed. The color harmonies have been worked out to fit the jioea or emotion expressed in each dance. We Should Be Proud

Congratulations! to everyone who participated in making Parents Day and the Pilgrimage two of the most succeessful days Milledgeville ever witnessed.

The dieticians announced that 1700 people were served lunch on front campus on Parents Day. Ticket sellers at the court house sold approximately 2.000 tickets for the tour of homes on Sunday.

Parents Day was filled with fun and entertainment for everyone. Perfect planning and timing kept parents busy every minute of the day, from 8:30 until the curtain closed on the last act of "Life With Father."

Bell Annex girls won the Parents Day Award with 41.3 percentage of the parents present. Terrell Halll ranked second, having 34.6 percent present. The town girls pulled themselves up from bottom last year, to the third highest percentage of parents. By noon, approhimately 500 parents had registerel in the dormitories, and many arrived

There was a wondrful spirit of cooperation between the college and the city for the two occasions. Parents Day tied in well with the preparation for the tour of the state's Ante-Bellum Capital. Some of the beautiful homes were graciously opened so the parents could get a preview of cause and remedy of cancer. Sunday's spectacular events.

Most of the visitors were so busy and enthralled by the sights and beauty of the town that they forgot the weather, but even the weather cooperated beautifully.

Let's not wait until this season next year to be proud of the charm, beauty and culture around us but take advantage of the knowledge that is ours for the looking.

Situation Pretty Drastic

For the past two quarters there has been a great deal of confusion as to the meaning of a "P.D." sign. This has been talked over by Student Council, House Presidents, and other campus groups. It was decided that something should be done about the situation via the floor leaders in each dormitory.

Research found many good reasons why the signs are not as effective as they had been previously. There are many cute girls who are lucky enough to have the initials P.D.-so they conveniently strike out other letters and write Pauline Polly Brancon Deitrich or Patty Doodlebug in their place. Then, there are those limited few who write under the "Please Do Not Disturb" a footnote reaging "except friends, maids, parents, housemothers, phone calls, visitors or anything impostant." You will find one on evey floor who insists on writing notes to her friends or roommate. You may rear sound. of falling buildings or the like from a room with P. D. on the door. This usually mean "P (arty) D(ay)":

Now to talk about lessies who insist on going right through the signs comes 9 o'clock recess or high water. It's always nice if you can slip through the suite, disturb one poor child trying to study or another in the midst of a bath, and go in the bathroom door, they are always glad to see you. If this isn't effective try poking a pencil through the keyhole, they'll soon notice you. The intelligent one always finds a way to get around them.

There are some girls who really mean business when they hang that sign outside, but I think that we have spoiled the meaning of the signs ourselves. They are used for so many other things than the real purpose, that they have simply become a laughing matter.

One Jessie used hers for People Dozing, another Playing Dead or maybe Party Day. Some girls who simply don't like people use them for People Dreaded. Untidy girls who are ashamed of their humble abodes used P.D.'s for Place Disorderly. Plenty Dusty, or Pardon the Dump. On the other hand, after a room cleaning the sign on the door might read Palace of Delight or Paradise Den.

If the occupants are short on spending money you might see, Pay Dollar Please Donate, or Pocket book Desolate. Some class spirited souls think up oddities like Purple Dragon, etc.

Every now and then you see some Pathetic Dump with signs pleading for quiet, reading: Professional Duty or Paper's Due. These are usually respected.

I'm getting Pretty Disgusted reading signs all over the campus. Some of them are just Plain Daffy. The situation is Plenty Drastic; some girls are Powerful Dumb if you ask me. Oops. the last door said Press Dodgers-well, that's the last

Sororities are not for us! Yep, we've all heard that time and time again. Jessie is the friendly college . . . Jessie is the college where everybody knows everybody else, and its just all one big happy family. Oh, there may be some who don't understand that it just comes natural to say. "Hev!" to everyone you meet; but they just don't under-

Then why don't more girls come out for Student Council meeting . . . and why can't Y have more girls at Vespers . . . and why is it that just the same few go to Play Night every Saturday? Lately everybody has been wondering . . .

Well there's one little thing on campus that may be the cause of part of the trouble. It might not expain everything, but it could help.

There is the little problem of-shall we say-Cliques. Don't look so surprised and indignant, and read on. You may not have realized that through the years such things have been growing. . . . They consist of 12 or 14 girls, or it may be just 3 or 4; but there is the greatest tendency on campus for certain groups to stay too much together. There is a tendency for these girls to be as friendly as any Jessie should be, and then on the other hand ignore talking or associating with any but your own little group: Then when our problems arise, all of us sit for hours and hours trying to solve them . . . in our own little groups.

We go to Y and after the first few minutes. everybody begins to wander off into their own little groups and unless you're such a dynamic personality that we can immediately adjust to anv new situation, we are not in too big a hurry to come again—and the last time we were really urged. to come by a Y member was first quarter freshman:

Then on Saturday night we want to go to Play Night. When we get there, we see some people having the best time-but we don't know how to get in. We would like to join them, but it's not too easy to walk up and say, "We want play," particularly if we don't know the players too well. We've gotten the idea that a few of these groups had rather dance with old palsy walsy who knows her every step by heart than little ole newcomers: α . . . and ping pong with just our four is such α good fast game, newcomer might not be so good

OK, we don't have sororities and all their snooty this and that; but we do have our cliques where me and my buddies are just inseparable and ole new gal is just "dear dear little old new gal." or we just don't run around too much with the girls in that crowd.....

But why not disband for a little while and make some new friends—they're probably just as sweet and as cute as good ole Sally Jane.
